OS Landranger (1:50,000) sheets 117, 118 apply

The event has a short off-road section. **Lights**, a waterproof and a warm layer, may be needed. Make sure your bike, especially brakes are in good order.

The event is an excursion on public roads and bridleways where participants are responsible for their own safety and conduct. It is held under the regulations of Audax UK.

If you fold along the central line and trim the white edges these sheets will fit snugly into an AUK 'issue' plastic brevet-card bag.
